In the Business Communication major, students study the communication process from a variety of perspectives- media relations, business, management and communications philosophy. Students receive a hands-on, real world applicable approach to the field. They learn the importance of communicating with different audiences in different ways. Students pursue three different academic paths within the major: oral communication, written communication, and visual communication.

Such a major could be especially desirable for students with interest in the dynamics of communication within the office-place, or the dynamics of communication between businesses and their external constituencies. **Mandatory pre-requisites are noted in parentheses.** In the event there is a permanent discontinuation of any course offerings below, the program coordinator will work with students to select a comparable substitute.

Majors must earn a grade of "C-" or better in all courses used to satisfy the Business Communication major requirements.
