The Community Leadership minor engages students in a study of community dynamics and the issues at the heart of maintaining healthy and equitable communities; at the same time, it guides students in exploring how one leads within a community and challenges them to put their knowledge into practice through experiential learning. Similar to the Organizational Leadership minor, this minor exposes students to contemporary leadership concepts and theories, and to their application in a variety of contexts; likewise, the minor includes skill development in critical thinking, creative problem solving, and ethical decision-making, which are the foundation to becoming a positive change agent. As they complete this minor, students will apply theories of leadership to address the challenges of human rights, social justice, diversity, equity, and inclusion. The courses help students develop and implement their own values-centered and strengths-based leadership philosophy and style that is grounded in ethics and contemporary theory.

This 21-credit hour minor requires students to take introductory courses in leadership theory and in ethics, and a course that offers a broad overview of people living in community; to provide a capstone experience, the minor also requires students to put leadership into practice. Three upper-level elective course allow students to study community issues in-depth, choosing topics that interest them most.
